1967. The second-generation Chevrolet van began with the 1967 model, with a whole new look to the van and offering a longer 108" wheelbase and V8 power to buyers for the first time. GM designers moved the headlights down to a new grille, added longer, rectangular taillights, and a rounded glass windshield. The 1967 model year was the only early 2nd-generation that did not have side marker ...
