educational performance (p. 265).

~~A Study of the Attitude, Self-efficacy, Effort and ...~~

Self-efficacy relates to students' self-perceptions of their ability to perform a task (Bandura 1986). It is important to note that self-efficacy is related only to a specific field or group of behaviors of an individual. Specifically, computer self-efficacy could be described as the judge of an individual about his/herself on using computers.
