In Capital, Commonwealth Prize-winning author Rana Dasgupta examines one of the great trends of our time: the expansion of the global elite. Capital is an intimate portrait of the city of Delhi which bears witness to the extraordinary transmogrification of India's capital. But it also offers a glimpse of what capitalism will become in the coming, post-Western world. The story of Delhi is a parable for where we are all headed. The boom following the opening up of India's economy plunged Delhi into a tumult of destruction and creation: slums and markets were ripped down, and shopping malls and apartment blocks erupted from the ruins. Many fortunes were made, and in the glassy stores nestled among the new

highways, customers paid for global luxury with bags of cash. But the transformation was stern, abrupt and fantastically unequal, and it gave rise to strange and bewildering feelings. The city brimmed with ambition and rage. Violent crimes stole the headlines. In the style of V. S. Naipaul's now classic personal journeys, Dasgupta shows us this city through the eyes of its people. With the lyricism and empathy of a novelist, Dasgupta takes us through a series of encounters - with billionaires and bureaucrats, drug dealers and metal traders, slum dwellers and psychoanalysts - which plunge us into Delhi's intoxicating, and sometimes terrifying, story of capitalist transformation. Together these people comprise a generation on the cusp, like that of Gilded Age New York: who they are, and what they want, says a tremendous amount about what the world will look like in the rest of the twenty-first century. Interweaving over a century of history with his personal journey, Dasgupta presents us with the first literary portrait of one of the twenty-first century's fastest-growing megalopolises - a dark and uncanny portrait that gives us insights, too, as to the nature of our own - everyone's - shared, global future.

Capital is a compelling biography of a critically important megacity, and the effects of sudden and all-consuming capitalist transformation. At the turn of the twenty-first century acclaimed novelist Rana Dasgupta arrived in the Indian capital with a single suitcase. He had no intention of staying for long. But the city beguiled him - he fell in love and in hate with it - and, fourteen years later, Delhi has become his home. Capital tells the story of Delhi's journey from walled city to world city. It is a story of extreme wealth and power, of land grabs and a cityscape changed almost beyond recognition. Everything that was slow, intimate and idiosyncratic has become fast, vast and generic; every aspect of life has been affected - for the poor, the middle classes and the super-rich. Through a series of fascinating personal encounters Dasgupta takes us inside the intoxicating, sometimes terrifying transformation of India's fastest-growing megacity, offering an astonishing 'report from the global future'. Rana Dasgupta won the 2010 Commonwealth Writers' Prize for Best Book for his debut novel, Solo. He is also the author of the highly praised story collection Tokyo Cancelled. Capital is his first work of non-fiction. Born in England, he now lives in Delhi. textpublishing.com.au 'The most unexpected and original Indian writer of his generation.' Salman Rushdie '[Dasgupta has] a gift for sentences of lancing power and beauty.' New Yorker 'A beautifully written portrait of a corrupt, violent and traumatised city growing so fast it is almost unrecognisable to its own inhabitants. An astonishing tour de force by a major writer at the peak of his powers.' William Dalrymple

Thirteen passengers are stranded at an airport. Tokyo, their destination, is covered in snow and all flights are cancelled. To pass the night they form a huddle by the silent baggage carousels and tell one another stories. Thus begins Rana Dasgupta's Canterbury Tales for our times. In the spirit of Borges and Calvino, Dasgupta's writing combines an energetically modern landscape with a timeless, beguiling fairy-tale ethos, while bringing to life a cast of extraordinary individuals - some lost, some confused, some happy-in a world that remains ineffable, inexplicable, and wonderful. A Ukrainian merchant is led by a wingless bird back to a lost lover; Robert De Niro's son masters the transubstantiation of matter and turns it against his enemies; a man who manipulates other people's memories has to confront his own past; a Japanese entrepreneur risks losing everything in his

obsession with a doll; a mute Turkish girl is left alone in the house of a German man who is mapping the world. Told by people on a journey, these are stories about lives in transit, stories that grow into an epic cycle about the hopes and dreams and disappointments that connect people everywhere.

A 100-year-old blind Bulgarian looks back on a long life marked by fantasies about what could have been, from a dashed ambition to play the violin and interrupted scientific studies to idyllic children and the end of Communism. By the author of the award-nominated Tokyo.

Peeling back the layers of Delhi's centuries-old history, City of Djinns is an irresistible blend of research and adventure. Sparkling with irrepressible wit, City of Djinns peels back the layers of Delhi's centuries-old history, revealing an extraordinary array of characters along the way—from eunuchs to descendants of great Moguls. With refreshingly open-minded curiosity, William Dalrymple explores the seven "dead" cities of Delhi as well as the eighth city—today's Delhi. Underlying his quest is the legend of the djinns, fire-formed spirits that are said to assure the city's Phoenix-like regeneration no matter how many times it is destroyed. Entertaining, fascinating, and informative, City of Djinns is an irresistible blend of research and adventure.

A sensitively written account of a Pakistani writer's discovery of Delhi Why, asks Raza Rumi, does the capital of another country feel like home? How is it that a man from Pakistan can cross the border into 'hostile' territory and yet not feel 'foreign'? Is it the geography, the architecture, the food? Or is it the streets, the festivals and the colours of the subcontinent, so familiar and yes, beloved... As he takes in the sights, from the Sufi shrines in the south to the markets of Old Delhi, from Lutyens' stately mansions to Ghalib's crumbling abode, Raza uncovers the many layers of the city. He connects with the richness of the Urdu language, observes the syncretic evolution of mystical Islam in India and its deep connections with Hindustani classical music - so much a part of his own selfhood. And every so often, he returns to the refuge of Hazrat Nizamuddin Auliya, the twelfth-century pir, whose dargah still reverberates with music and prayer every evening. His wanderings through Delhi lead Raza back in time to recollections of a long-forgotten Hindu ancestry and to comparisons with his own city of Lahore - in many ways a mirror image of Delhi. They also lead to reflections on the nature of the modern city, the inherent conflict between the native and the immigrant and, inevitably, to an inquiry into his own identity as a South Asian Muslim. Rich with history and anecdote, and conversations with Dilliwalas known and unknown, Delhi By Heart offers an unusual perspective and unexpected insights into the political and cultural capital of India.

A New York Times-bestselling author looks for the meaning of a good life by seeking advice from the very young and the very old. When his first book tour ended, Brad Montague missed hearing other people's stories so much that he launched what he dubbed a Listening Tour. First visiting elementary schools and later also nursing homes and retirement communities, he hoped to glean new wisdom as to how he might become a better grownup. Now, in this playful and buoyant book, he shares those insights with rest of us --timeless, often surprising lessons that bypass the head we're always stuck in, and go straight to the heart we

sometimes forget. Each of the book's three sections begins with the illustrated story of "The Incredible Floating Girl." Brad weaves this story together with lessons of success, fear, regret, gratitude, love, happiness, and dreams to reveal the true reason we are here: to fly, and to help others fly. Beautifully designed and featuring Montague's own whimsical 4-color illustrations that appeal to the kid in all of us, *Becoming Better Grownups* shares the purpose and meaning we can all discover merely by listening, and reveals that--in a world that seems increasingly childish--the secret to joy is in fact to become more childlike.

New Delhi was the grandest planned capital city of the British empire. In its meticulous urban plan it owed as much to earlier imperial traditions of Delhi as it did to Western movements such as the Garden City and City Beautiful. It is interesting to examine the process by which this plan came into being, and the interactions between the people responsible for it. This new city also became the centre of a culture at the cusp of Indian and British Indian society - centering on the shopping precinct of Connaught Place, restaurants, clubs, cinema theatres and other institutions. In the years immediately following independence and partition, came a sudden expansion of the metropolis beyond the limits of New Delhi. This left the original New Delhi as a predominantly administrative centre, with a low density of population, and an oasis of green. Far from being a sterile space however, its many cultural institutions, public spaces and thriving shopping precincts have given it a persisting vibrancy.
