they can act on instead of concentrating on theories and research without the proper context. 2. Offer strong, consistent pedagogy, including a balanced, unified treatment of the main types of financial investments as mirrored in the investment world. 3. Organize topics in a way that makes them easy to apply--whether to a

portfolio simulation or to real life--and support these topics with hands-on activities. The

approach of this text reflects two central ideas.

First, there is a consistent focus on the student as an individual investor or investments manager.

Second, a consistent, unified treatment of the four basic types of financial
