Foreword by Drake The successful Hip Hop mogul, boxing manager, and entrepreneur who has had a lasting impact on modern popular music reveals the foundation of his success--respect--and explains how to get it and how to give it. "I was taught that you must believe in something bigger than yourself in order to get something bigger than yourself." For decades, serial entrepreneur James Prince presided over Rap-A-Lot Records, one of the first and most successful independent rap labels. In this powerful memoir, told with the brutal, unapologetic honesty that defines him, Prince explains how he earned his reputation as one of the most respected men in Hip Hop and assesses his wins, his losses, and everything he's learned in between. Throughout his life, Prince has faced many adversaries. Whether battling the systemic cycle of poverty that shaped his youth, rival record label executives, greedy boxing promoters, or corrupt DEA agents, he has always emerged victorious. For Prince, it was about remaining true to his three principles of heart, loyalty, and commitment, and an unwavering faith in God. The Art & Science of Respect brings into focus a man who grew up in a place where survival is everything and hope just a concept; who outlived most of his childhood friends by age twenty-four; who raised seven children; who helped develop international superstars like Drake and world champion boxers like Floyd Mayweather and Andre Ward; who rose to the heights of a cutthroat business that has consumed the souls of ambitious hustlers and talented artists alike. Throughout this raw memoir, Prince's love of family, music, boxing, and Houston's Fifth Ward-- "Texas' toughest, proudest, baddest shetto" (Texas Monthly)--shines through. Yet one major lesson looms over all: Respect isn't given, it's earned. In recounting his compelling life story, Prince analyzes the art and science of earning respect--and giving respect--and shows how to apply these principles to your life.

HussleNomics is a book dedicated to the legacy and teachings of Nipsey Hussle with a step by step guide on how to implement each money and business principle in your life.

Award-winning, internationally-published and best-selling author Kolie Crutcher, provides never-before granted access to the unfiltered success principles of America's most infamous cocaine kingpin--Freeway Ricky Ross. In Ridin' With Rick: The 21 Keys of Success, Crutcher (also an electrical engineer) masterfully breaks down the 21 success principles he personally witnessed the former kingpin use, as they rode around L.A. to conduct business with Hollywood's elite executives, sports figures and celebrities. After Ross' release from federal prison, Crutcher spent six months ridin' with, studying and documenting the practices of the ex-drug lord--who often made \$2-3 million daily from the sale of crack cocaine in the 1980s. The 21 Keys uniquely reveals how the same principles that made millions of dollars in illegal cocaine money can be used to make millions of dollars legally in Hollywood and legitimate business! By way of chapters (keys) such as "Don't Front What You Can't Lose", "Make Your Name Carry Weight" and "Cocaine Love", Crutcher takes you along for the ride with Freeway Rick--as no one else can. So whether you are a street hustler on the corner, or a 'legit' businessperson in the corner office, the 21 Keys work universally for all striving to overcome life's adversities and live the life you want. After Ridin' With Rick, you will understand how to turn failure into fame, poverty into plenty, and setbacks into success!

Nicholas Savas is tall, dark and too gorgeous for anyone's good. To shield her wild-child sister from Nick's intoxicating gaze, sensible Edie steps into his eyeline instead! Nick's fascinated by the defiant, beautiful Edie--she's a challenge, and he'll thoroughly enjoy sweeping her down-to-earth feet out of the ballroom and into his bed! But one night with Edie Tremayne is unforgettable, hot as hell--and not nearly enough.

Tionna Tee Smalls, star of the VH1 reality show What Chilll Wants, brings her straight up relationship expertise and no bull attitude to women everywhere in Girl, Get Your Mind Right--offering tell-it-like-it-is advice your love life has been missing. The flip side of Steve Harvey's blockbuster bestseller Act Like a Lady, Think Like a Man, Tionna's Girl, Get Your Mind Right is the book that every woman needs.

Men only understand strength, so if you want that guy, you better 'abuse' him. Never the one to promote violence, Smalls uses the word abuse as a metaphor to mean stop treating guys so nice. the reader will leave feeling empowered and ready to tak on any man they are dating or will soon date. The rules are fun and easy, and Smalls breaks down the problems and solutions to any issue that may come up in a ship (friendship, courtship, or relationship). -- back cover.

Overhaul your approach to concentration and productivity using strategic, science-proven methods to save hours a day and achieve twice as much. Your current focus and productivity tactics might be "adequate." But they will never be great or reach their potential if you don't understand how your psychology and physiology work together to affect your focus. Short circuit your brain into instant focus. The Science of Powerful Focus looks at focus in a revolutionary new way, and sheds light on studies both new and old that lead to the path of massive productivity and conquering of goals. It is a holistic view of how focus can be tackled from every angle of a person's life. Other books will tell you to simply ditch your phone, stop multi-tasking, and sleep more. Is that really helpful information, or is it just common sense? Here, even the concept of focus is re-defined, and you will learn a plethora of actionable ways to integrate science into your daily life. Clear your mind, sit, and grind. Peter Hollins has studied psychology and peak human performance for over a dozen years and is a bestselling author. He has worked with dozens of individuals to unlock their potential and path towards success. His writing draws on his academic, coaching, and research experience. Defeat distractions and get "into the zone" on command. •Master the foundations of discipline and willpower. •Set goals that inevitable. •The biological basis behind procrastination. •Managing energy, your circadian rhythm, and nature's schedule. Stop procrastinating and do more in half the time. •How to effectively "singletask." •How to prime your mental engine. •To-do lists, priority lists, don't do lists, and all you need to keep you accountable and on track. Master your focus, master your life.

Would you rather earn interest than pay it, and eliminate the necessity of paying fees to banks and jumping through hoops to get loans? Are you frustrated with being over-taxed and/or being dependent on a volatile stock market? Do you suspect that the ultra-wealthy play by a different set of rules than you do, and that their secrets have been kept just out of your reach? What would it mean to you and your family if you knew these rules to play by them too?
