Ruthless is book two in the Deathless series and is set 16 years after the first book. This was fabulous, a real page turner. It was good to catch up with Lord Vasin, Lady Pari and Mother Chandri. I loved reading about Sa-at and his life with Crowflies. It's a complex world, with lots of engaging characters.

Deathless is book two in Anne Malcom ' s The Vein Chronicles Series. This book continues on from where ' Fatal Harmony ' book 1 leaves us. I wouldn ' t recommend reading this book if you haven ' t had the chance to read book one as there is a lot of the story and characters that won ' t make a lot of sense.

The Ruthless by Peter Newman is a fantastic 'Part 2' of what will be a trilogy, charting The Deathless. The action picks up exactly where it left off, although sixteen years have passed, allowing the babies of the book to be all grown up and therefore more involved in what's happening.

Although I love Catherynne Valente's writing, this particular book had me going both ways. Part One, I loved. It drew me in with its prose and magic that all good fairy tales should embody. Part two, on the other hand, had me wanting to throw the book as far as I could. Being that it was on my Kindle, I thought that a bad idea.

In the endless forests of the Wild, humanity scratches a living by the side of the great Godroads, paths of crystal that provide safe passage and hold back the infernal tide. Creatures lurk within the trees, watching, and plucking those who stray too far from safety.

Inspired by the culture of West Africa, a feminist fantasy debut traces the experiences of an intuitive girl who's invited to leave her discriminatory village to join the emperor's army of near-immortal women warriors.

The epic, hotly anticipated sequel to the instant New York Times bestseller The Gilded Ones about a girl with the power to remake her world—or destroy it. “Fans of Children of Blood and Bone, Mulan, and the Dora Milaje from Black Panther are going to adore [The Gilded Ones].” —BuzzFeed It's been six months since Dekka freed the goddesses in the ancient kingdom of Otera and discovered who she really is... but war is waging across the kingdom, and the real battle has only just begun. For there is a dark force growing in Otera—a merciless power that Dekka and her army must stop. Yet hidden secrets threaten to destroy everything Dekka has known. And with her own gifts changing, Dekka must discover if she holds the key to saving Otera... or if she might be its greatest threat. The Merciless Ones is the second thrilling installment of the epic fantasy series in which a young heroine fights against a world that would dare tame her. “This book shimmers like gold.”—School Library Journal, starred review

The sequel to the New York Times bestselling epic *Dread Nation* is an unforgettable journey of revenge and salvation across a divided America. After the fall of Summerland, Jane McKeene hoped her life would get simpler: Get out of town, stay alive, and head west to California to find her mother. But nothing is easy when you're a girl trained in putting down the restless dead, and a devastating loss on the road to a protected village called Nicodemus has Jane questioning everything she thought she knew about surviving in 1880s America. What's more, this safe haven is not what it appears—as Jane discovers when she sees familiar faces from Summerland amid this new society. Caught between mysteries and lies, the undead, and her own inner demons, Jane soon finds herself on a dark path of blood and violence that threatens to consume her. But she won't be in it alone. Katherine Deveraux never expected to be allied with Jane McKeene. But after the hell she has endured, she knows friends are hard to come by—and that Jane needs her too, whether Jane wants to admit it or not. Watching Jane's back, however, is more than she bargained for, and when they both reach a breaking point, it's up to Katherine to keep hope alive—even as she begins to fear that there is no happily-ever-after for girls like her.

Koschei the Deathless is to Russian folklore what devils or wicked witches are to European culture: a menacing, evil figure; the villain of countless stories which have been passed on through story and text for generations. But Koschei has never before been seen through the eyes of Catherynne Valente, whose modernized and transformed take on the legend brings the action to modern times, spanning many of the great developments of Russian history in the twentieth century. *Deathless*, however, is no dry, historical tome: it lights up like fire as the young Marya Morevna transforms from a clever child of the revolution, to Koschei's beautiful bride, to his eventual undoing. Along the way there are Stalinist house elves, magical quests, secrecy and bureaucracy, and games of lust and power. All told, *Deathless* is a collision of magical history and actual history, of revolution and mythology, of love and death, which will bring Russian myth back to life in a stunning new incarnation. **WARNING: May Contain Werewolves.** A pyramid predating all known cultures appears without warning. Its discovery throws into question everything we know about the origins of mankind. Inside lies incredible technology, proof of a culture far more advanced than our own. Something dark lurks within, eager to resume a war as old as mankind. When it is unleashed it heralds the end of our species' reign. A plague of werewolves spreads across the world. A sunspot larger than anything in recorded history begins to grow. Yet both pale in comparison to the true threat, the evil the werewolves were created to fight. "It's like Indiana Jones went through the Stargate and ended up in *Aliens versus Predator*." - One of the author's totally biased friends. The *Deathless Saga* Book 0: *The First Ark* Book 1: *No Such Thing As Werewolves* Book 2: *No Mere Zombie* (April 2015) Book 3: *Vampires Don't Sparkle* (October 2015)

Return to a world of crystal armour, savage wilderness, and corrupt dynasties in book two of *The Deathless* series from Gemmell award-winning author Peter Newman.

The sun has wiped out nearly all technology in the largest coronal mass ejection in history. In its wake comes the zombie apocalypse. The dead have risen, and they are hungry. Yet there are greater threats than the walking dead. The deathless have returned, slumbering in the same Arks that carried the werewolves into the present. If they are not stopped they will build a massive necropolis in the remains of San Francisco, and the entire continent will pay the price. Only the few werewolves created before the apocalypse stand between humanity and annihilation. Yet they are outnumbered and alone. Their only hope comes from the very enemy that sought to stop their creation, Mohn Corp. The *Deathless Saga* Book 0: *The First Ark* Book 1: *No Such Thing As Werewolves* Book 2: *No Mere Zombie* Book 3: *Vampires Don't Sparkle* (October 2015)

From the Gemmell Award-winning author of *THE VAGRANT*, a thrilling new series of power, intrigue, and magic.

My life was never black and white. Heck, it wasn't even black, white and gray. Lines were not drawn between good and evil, and if they were, I would have jumped those suckers for fun. But now it was simpler. It wasn't black and white. Or gray. It was only one thing. Blood. A crimson-tinted world. That was all I needed. All I wanted. Him. Despite the war raging around us, or the secrets between us, there was nothing simpler than blood. It didn't matter that it would be fatal. After all, it's the things we're not undead without that will kill us in the end.

Set has been vanquished, but victory demanded a bitter price. The First Ark's detonation flung the new Ark Lords five years into the future. They emerge into a world ruled by deathless, demons, and old things that have awoken from the sleep of ages. Hades and the mysterious Grey Men have paved the way for the return of the Builders, slowly conquering the world. Only one part of their plan remains, seizing control of the Proto-Ark rumored to lay somewhere deep in the Amazonian jungle. Hades sends his demonic enforcer, Nox, once known as the Director, to claim their prize. If they succeed, the invasion of the Builders will finally begin. Only the trio of returning Ark Lords has a prayer of stopping Nox, but they face problems of their own. Blair and Liz arrive in Northern California to find Angel Island deserted and San Francisco controlled by a kingdom of deathless. Jordan and Trevor return to Peru where werewolves have founded a new religion worshipping the Mother. A religion that preaches that Trevor is the ancient enemy, and must be destroyed. Only Jordan can save him, if he can finally learn to trust an old enemy. Win or lose, the Builders are coming. They need an army. They need *The Great Pack*.
