Reasoning and General Intelligence – Classification. You must have in your mind that what does classification mean. In fact, in classification we take, out an element out of some given elements and the element to be taken out is different from the rest of the elements in terms of common properties, shapes, sizes, types, nature, colours, traits etc. In this way the rest of the elements form a group and the element that has been taken out is not the member of that group as this single ...
