more and better, set a time limit.

~~How to fix your goal setting process |
Edexee~~

Goal setting demands a desired result, and could be simply defined as the process of deciding what to accomplish, and then devising a plan. The implication of setting a goal is that we desire change, and in this way, goal setting is an intellectual exercise used to plan for the future and achieve some semblance of our present dreams.

~~Goal Setting: Your Guide to Setting Goals~~

Goal setting involves the development of an action plan designed to motivate and guide a person or group toward a goal. Goal setting can be guided by goal-setting criteria (or rules) such as SMART criteria. Goal setting is a major component of personal-development and management literature.

Goal setting — Wikipedia

Setting goals is a process that changes over time. The goals you set in your twenties will most likely be very different from the goals you set in your forties. Whatever your age doesn't really matter in the end, as long as you continually revisit your life goals and work to update them. What are the Benefits of Goal Setting?

~~The Importance, Benefits, and Value of Goal Setting~~

A process goal is an outcome that is based on specific actions and tasks that you complete. Setting a process goal means you have to identify what you actually have to do achieve a larger goal. As an example, a you could set a process goal of going to the gym 4 times a week. This is goal is easy to measure.
