The book Lifehack calls "The Bible of business and personal productivity." "A completely revised and updated edition of the blockbuster bestseller from 'the personal productivity guru'"—Fast Company Since it was first published almost fifteen years ago, David Allen ' s Getting Things Done has become one of the most influential business books of its era, and the ultimate book on personal organization. " GTD " is now shorthand for an entire way of approaching professional and personal tasks, and has spawned an entire culture of websites, organizational tools, seminars, and offshoots. Allen has rewritten the book from start to finish, tweaking his classic text with important perspectives on the new workplace, and adding material that will make the book fresh and relevant for years to come. This new edition of Getting Things Done will be welcomed not only by its hundreds of thousands of existing fans but also by a whole new generation eager to adopt its proven principles.

Read the Wall Street Journal Bestseller for "cultivating intense focus" for fast, powerful performance results for achieving success and true meaning in one's professional life (Adam Grant, author of Give and Take). Deep work is the ability to focus without distraction on a cognitively demanding task. It's a skill that allows you to quickly master complicated information and produce better results in less time. Deep Work will make you better at what you do and provide the sense of true fulfillment that comes from craftsmanship. In short, deep work is like a super power in our increasingly competitive twenty-first century economy. And yet, most people have lost the ability to go deep—spending their days instead in a frantic blur of e-mail and social media, not even realizing there's a better way. In Deep Work, author and professor Cal Newport flips the narrative on impact in a connected age. Instead of arguing distraction is bad, he instead celebrates the power of its opposite. Dividing this book into two parts, he first makes the case that in almost any profession, cultivating a deep work ethic will produce massive benefits. He then presents a rigorous training regimen, presented as a series of four "rules," for transforming your mind and habits to support this skill. 1. Work Deeply 2. Embrace Boredom 3. Quit Social Media 4. Drain the Shallows A mix of cultural criticism and actionable advice, Deep Work takes the reader on a journey through memorable stories—from Carl Jung building a stone tower in the woods to focus his mind, to a social media pioneer buying a round-trip business class ticket to Tokyo to write a book free from distraction in the air—and no-nonsense advice, such as the claim that most serious professionals should quit social media and that you should practice being bored. Deep Work is an indispensable guide to anyone seeking focused success in a distracted world. An Amazon Best Book of 2016 Pick in Business & Leadership Wall Street Journal Business Bestseller A Business Book of the Week at 800-CEO-READ

What do Madonna, Martha Stewart, John Lennon, Ellen DeGeneres, Ben Franklin, Ronald Reagan, Leonardo da Vinci, Thomas Edison, and Johnny Cash have in common? Each is (or was) a list maker. These successful people, along with CEOs and successful entrepreneurs, all use lists to keep track of their ideas, thoughts, and tasks. Finding enough hours in the day to get everything accomplished and allow for some downtime can be a struggle. It's no wonder so many of us are stressed, overextended, and exhausted. More than half of all American employees feel overwhelmed, according to a study by the nonprofit Family and Work Institute. For the 54 percent of us who feel like we ' re chasing our own tails, Listful Thinking is here to prove that it doesn't have to be that way. You can still find time to relax, read a good book, and do the things you love. Listful Thinking is the book that will give readers their lives back with indispensable tips on saving time, getting organized, improving productivity, saving money, and reducing stress.

Learn how to take the skills you use in the classroom and apply them to the workplace! Every idea in this book is focused on increasing your overall levels of productivity, performance, and output and on making you more valuable in whatever you do. You can apply many of these ideas to your personal life as well. Each of these twenty-one methods and techniques is complete in itself. All are necessary. One strategy might be effective in one situation and another might apply to another task. All together, these twenty-one ideas represent a smorgasbord of personal effectiveness techniques that you can use at any time, in any order or sequence that makes sense to you at the moment. The key to success is action. These principles work to bring about fast, predictable improvements in performance and results. The faster you learn and apply them, the faster you will move ahead in your career - guaranteed! There will be no limit to what you can accomplish when you learn how to Eat That Frog!

An efficiency expert offers a time management system that will create a greater sense of accomplishment at the end of every workday.

Trying to remember a bunch of details and tasks isn't the best use of your brainpower. By collecting all of your tasks in one place, you can reserve your mental energy for work that drives significant results, both in your professional life and your personal life. To start, productivity expert Maura Thomas takes us through an exercise called "brain dumping," which will clear your mind of all the things you're trying to remember you have to do—all the things that are distracting you or keeping you up at night. She then shows us the right way to use a calendar, the tools you'll need to succeed, and a better way of categorizing your tasks in order to identify the best use of your time and inspire you to take action. This is not another book on time management; this is a book on how to take back control of your busy life. Not only will you be focusing on the things that truly matter, but you'll also experience boosts in your mood and mindset—you'll feel more in control and less overwhelmed; you'll feel a greater sense of accomplishment now that you're focusing on what's truly important to you.
