Overview. On 14 January 2014, after months of negotiations, EU legislators reached political agreement on reforms to the Markets in Financial Instruments Directive (MiFID) that will overhaul financial services regulation in the European Union. The changes, which were first proposed by the European Commission in October 2011, consist of a new Directive (MiFID II) and Regulation (MiFIR).

MiFID II: The new market structure paradigm

MiFID applied in the UK from November 2007, and was revised by MiFID II, which took effect in January 2018, to improve the functioning of financial markets in light of the financial crisis and to strengthen investor protection.

MiFID II extended the MiFID requirements in a number of areas including: new market structure requirements

MiFID II | FCA

MiFID II will introduce a pre-trade transparency regime for SIs in other liquid financial instruments. Firms will be identified as SIs on the basis of quantitative criteria, which in turn will be based on the frequency and scale of their trading. Derivatives trading obligation

MiFID II will bring about important changes in the market structure and transparency of European capital markets. For instance, the licence obligation for proprietary trading will be expanded to algorithmic trading and direct electronic access. Also a new trading venue will be introduced: an organised trading facility (OTF).

MiFID II - Market structure and transparency ...

The broad intent of MAR and MiFID II is to strengthen investor protections, maximize market transparency and reduce market abuse. To achieve those objectives, ESMA has proposed many changes to the way OTC products and exchange-traded equity markets operate and function. Among these changes, broader requirements for record-keeping, event reconstruction, and market abuse detection and prevention mandate the retention of records and communications for all services, activities and transactions ...

MAR & MiFID II

Main provisions. The MiFID II/MiFIR regulatory package consists chiefly of a directive and a regulation: Directive 2014/65 UE of 15 May 2014 ("MiFID II") governs the activities of investment firms, sets out investor protection rules and lays down minimum requirements regarding penalties. Regulation 600/2014 of 15 May 2014 ("MiFIR") addresses in particular the organisation of markets, access to the European market for third-country investment firms and the powers of supervisory authorities.

MiFID / MiFIR (Market in Financial Instrument Directive ...

MiFID II regulation came into effect in January 2018 and with it were a bunch of new rules for financial firms. Making things confusing are an array of acronyms referred to when discussing MiFID II such as MiFIR, APAs, ARMs, KIDS etc. One of the most notable confusions is in regards to MiFIR and MiFID []
