success on the Georgia End of Course Physical Science Exam lies with mastering the Insider ' s Language of the subject. People who score high on their exams have a strong working vocabulary in the subject tested. They know how to decode the vocabulary of the subject and use this as a model for test success. People with a strong Insider ' s Language consistently: Perform better on their Exams Learn faster and retain more information Feel more confident in their courses Perform better in upper level courses Gain more satisfaction in learning The Georgia EOC Physical Science Exam Vocabulary Workbook is different from traditional review books because it focuses on the exam ' s Insider ' s Language. It is an outstanding supplement to a traditional review program. It helps your preparation for the exam become easier and more efficient. The strategies, puzzles, and questions give you enough exposure to the Insider Language to use it with confidence and make it part of your long-term memory. The Georgia End of Course Physical Science Exam Vocabulary Workbook is an awesome tool to use before a course of study as it will help you develop a strong working Insider ' s Language before you even begin your review. Learn the Secret to Success! After nearly 20 years of teaching Lewis Morris discovered a startling fact: Most students didn ' t struggle with the subject, they struggled with the language. It was never about brains or ability. His students simply didn ' t have the knowledge of the specific language needed to succeed. Through experimentation and research, he discovered that for any subject there was a list of essential words, that, when mastered, unlocked a student ' s ability to progress in the subject. Lewis called this set of vocabulary the " Insider ' s Words " . When he applied these " Insider ' s Words " the results were incredible. His students began to learn with ease. He was on his way to developing the landmark series of workbooks and applications to teach this " Insider ' s Language " to students around the world.
