Sideshow: Nixon, Kissinger, and the Destruction of Cambodia is well documented and offers historical insight into the horrible events of the war in Vietnam/Cambodia/Laos. Some of the inane quotes from our (US) leaders during that time and other events sound similar to that of some of our current leaders (Bush et al), or like they were written for Saturday Night Live.

Nixon insisted that Kissinger secure the approval of both Rogers and the new Secretary of Defense, Melvin Laird. Evidently, he was not willing himself to present them with a scheme that deprived them of power. But another Kissinger aide, Roger Morris, has reported that he told Kissinger not to worry about Rogers-he would not object.

Here Shawcross shows how Nixon and Kissinger made use of political trickery and overhyped threats to keep the bombing going to an extent that was far more destructive than necessary. As a bonus, this book also documents the wire-tapping paranoia and unconstitutional shenanigans in the Nixon White House.

Sideshow exposed the secret bombing of Cambodia conducted by U.S. President Nixon and his advisor Henry Kissinger, and argued that Nixon's and Kissinger's policy "led to the rise of the Khmer Rouge and the subsequent massacre of a third of Cambodia's population," According to one summary, Sideshow "denounces the systematic destruction of Cambodia by the Nixon Administration as a consequence of the Vietnam War and for the sake of a mere strategic design. The study stresses how the decision to ...

KISSINGER, NIXON, AND THE DESTRUCTION OF CAMBODIA. by William Shawcross    RELEASE DATE: April 1, 1979. In 1969, Richard Nixon ordered the secret bombing of Cambodia to destroy North Vietnamese sanctuaries in that formally neutral nation. Today, a decade later, Nixon is a President driven from office and Cambodia a country devastated by civil war and occupied by the Vietnamese army.

~~SIDESHOW | Kirkus Reviews~~

Initially upset when Nixon won the Republican nomination, the ambitious Kissinger soon changed his mind about Nixon and contacted a Nixon campaign aide, Richard Allen, to state he was willing to do anything to help Nixon win. After Nixon became president in January 1969, Kissinger was appointed as National Security Advisor.

touchstone I ' ve been toting around all these years about Henry Kissinger being a war criminal is correct. Under the pretense of breaking up North Vietnamese supply lines, President Nixon authorized — and Henry Kissinger orchestrated — a massive secret bombing campaign of Cambodia, lying to Congress, the Pentagon, and the American people along the way.

by William Shaw-cross. Simon & Schuster. 464 pp. \$19.95. In 1979 William Shawcross attracted widespread praise for his book, *Sideshow: Kissinger, Nixon, and the Destruction of Cambodia*. Some reviewers, it is true, pointed out the author ' s careless use of facts, or argued against the book ' s conclusion that the disasters which befell Cambodia in the 1970 ' s were caused in the main by the policies of Richard Nixon and Henry Kissinger.

Details the Nixon administration's ignominious conduct in relation to Cambodia

'An angry and eloquent book.' Financial Times'Alain Destexhe, a former Secretary General of the relief agency Médecins sans Frontières and now a senator in the Belgium Parliament, who has writted *Rwanda in Genocide in the Twentieth Century*, a treatise to counter the catch-all of media coverage in which 'all catastrophes are treated alike and reduced to their lowest common denominator - compassion on the part of the onlooker.' Observer

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

In the 1970s, the United States faced challenges on a number of fronts. By nearly every measure, American power was no longer unrivalled. The task of managing America's relative decline fell to President Richard Nixon, Henry Kissinger, and Gerald Ford. From 1969 to 1977, Nixon, Kissinger, and Ford reoriented U.S. foreign policy from its traditional poles of liberal interventionism and conservative isolationism into a policy of active but conservative engagement. In *Nixon in the World*, seventeen leading historians of the Cold War and U.S. foreign policy show how they did it, where they succeeded, and where they took their new strategy too far. Drawing on newly declassified materials, they provide authoritative and compelling analyses of issues such as Vietnam, d?tente, arms control, and the U.S.-China rapprochement, creating the first comprehensive volume on American foreign policy in this pivotal era.

In this trenchant analysis, historian Bruce Kuklick examines the role of intellectuals in foreign policymaking. He recounts the history of the development of ideas about strategy and foreign policy during a critical period in American history: the era of the nuclear standoff between the United States and the Soviet Union. The book looks at how the country's foremost thinkers advanced their ideas during this time of United States expansionism, a period that culminated in the Vietnam War and détente with the Soviets. Beginning with George Kennan after World War II, and concluding with Henry Kissinger and the Vietnam War, Kuklick examines the role of both institutional policymakers such as those at The Rand Corporation and Harvard's Kennedy School, and individual thinkers including Paul Nitze, McGeorge Bundy, and Walt Rostow. Kuklick contends that the figures having the most influence on American strategy--Kissinger, for example--clearly understood the way politics and the exercise of power affects policymaking. Other brilliant thinkers, on the other hand, often played a minor role, providing, at best, a rationale for policies adopted for political reasons. At a time when the role of the neoconservatives' influence over American foreign policy is a subject of intense debate, this book offers important insight into the function of intellectuals in foreign policymaking.

What made Henry Kissinger the kind of diplomat he was? What experiences and influences shaped his worldview and provided the framework for his approach to international relations? Suri offers a thought-provoking, interpretive study of one of the most influential and controversial political figures of the twentieth century.

A new account of America's most controversial diplomat that moves beyond praise or condemnation to reveal Kissinger as the architect of America's current imperial stance In his fascinating new book *Kissinger's Shadow*, acclaimed historian Greg Grandin argues that to understand the crisis of contemporary America—its never-ending wars abroad and political polarization at home—we have to understand Henry Kissinger. Examining Kissinger's own writings, as well as a wealth of newly declassified documents, Grandin reveals how Richard Nixon's top foreign policy advisor, even as he was presiding over defeat in Vietnam and a disastrous, secret, and illegal war in Cambodia, was helping to revive a militarized version of American exceptionalism centered on an imperial presidency. Believing that reality could be bent to his will, insisting that intuition is more important in determining policy than hard facts, and vowing that past mistakes should never hinder future bold action, Kissinger anticipated, even enabled, the ascendance of the neoconservative idealists who took America into crippling wars in Afghanistan and Iraq. Going beyond accounts focusing either on Kissinger's crimes or accomplishments, Grandin offers a compelling new interpretation of the diplomat's continuing influence on how the United States views its role in the world.

After being sworn in as president, Richard Nixon told the assembled crowd that “ government will listen. ... Those who have been left out, we will try to bring in. ” But that same day, he obliterated those pledges of greater citizen control of government by signing National Security Decision Memorandum 2, a document that made sweeping changes to the national security power structure. Nixon ’ s signature erased the influence that the departments of State and Defense, as well as the CIA, had over Vietnam and the course of the Cold War. The new structure put Nixon at the center, surrounded by loyal aides and a new national security adviser, Henry Kissinger, who coordinated policy through the National Security Council under Nixon ’ s command. Using years of research and revelations from newly released documents, USA Today reporter Ray Locker upends much of the conventional wisdom about the Nixon administration and its impact and

shows how the creation of this secret, unprecedented, extra-constitutional government undermined U.S. policy and values. In doing so, Nixon sowed the seeds of his own destruction by creating a climate of secrecy, paranoia, and reprisal that still affects Washington today.
