Development poverty in some countries of the world and it needs to be addressed if it is to successfully decrease inequality and poverty.

How Politics Affect Poverty | The Borgen Project

The goal of Thomas Malthus, the 19th century originator of a theory about population, was to absolve the state and wealthier segments of society from responsibility for poverty. The briefing explores the theory's subsequent uses in eugenic, anti-immigration, environmental, Cold War and Green Revolution interests.

The Malthus Factor | The Corner House

Finally, the book examines how the political economy of underdevelopment is currently being obscured by alarm over the environmental impact of over-population, and how such Malthusian concerns represent the poor, not as victims of capitalist development, but as perpetrators of environmental destruction. Author Bio.
