What's the origin of the phrase 'When the shit hits the fan'? This expression alludes to the unmissable effects of shit being thrown into an electric fan. The phrase is known in print in the 1940s and electric fans were invented in the 1880s, so it is very likely to have been coined between those dates.

grandmothers, and even her missing aunt—and she provides you with in-your-face realizations about life, love, friendship, sense of self, laughter, relationships, faith, karma, and keeping it real. She takes her own everyday experiences—some good, some not so good, and some really bad—and relates them to useful advices that we can all use one time or another in our lives. Lisa holds nothing back as she writes with a passion about things and subjects that interest her, and she isn't afraid to show what her true opinions are on certain issues. Partnered with her witty quips and laugh-out-loud one-liners peppered throughout the pages, this book will make you smile, laugh, cry, and nod your head in agreement.

The rising strength of mainland China has spurred a revival of "Chineseness" in the Philippines. Perceived during the Cold War era as economically dominant, political disloyal, and culturally different, the "Chinese" presented themselves as an integral part of the Filipino imagined community. Today, as Filipinos seek associations with China, many of them see the local Chinese community as key players in East Asian regional economic development. With the revaluing of Chineseness has come a repositioning of "Chinese" racial and cultural identity. Philippine mestizos (people of mixed ancestry) form an important sub-group of the Filipino elite, but their

Chinese was occluded as they disappeared into the emergent Filipino nation. In the twentieth century, mestizos defined themselves and based claims to privilege on "white" ancestry, but mestizos are now actively reclaiming their "Chinese" heritage. At the same time, so-called "pure Chinese" are parlaying their connections into cultural, social, symbolic, or economic capital, and leaders of mainland Chinese state companies have entered into politico-business alliances with the Filipino national elite. As the meanings of "Chinese" and "Filipino" evolve, intractable contradictions are appearing in the concepts of citizenship and national belonging. Through an examination of cinematic and literary works, *The Chinese Question* shows how race, class, ideology, nationality, territory, sovereignty, and mobility are shaping the discourses of national integration, regional identification, and global cosmopolitanism.

world where getting doused in coffee for not getting the order right is the new normal, she isn't getting any closer to her ideal of being behind the camera herself. Then a superstar actress generously takes Lucy under her wing and teaches her the ways of the rich and famous—treating her to racks of designer clothes and introducing her to a life of private planes and penthouse suites. Soon Lucy is dating a rock star, attending the hottest Hollywood parties, and dressing the part. Lost in the luxury, she loses sight of the things that once mattered most. It's going to take a hard blow from the high life to send Lucy back to the real life she always wanted. From an industry insider—and featuring wardrobes personally selected by celebrity stylist Robert Verdi—this is a novel that will keep you guessing and introduce you to a world you know exists; you've just never seen it unretouched.

Middle-aged, Single White Female Takes a Drive 3 months, 10,000 miles alone to the middle of nowhere. "So how was your trip?" they asked. First of all, she turned 50. Isn't that how it goes with aging? It was an outrage—how did this happen? Her children grown, husband gone to cancer, their business sold—Gloria Jean had reached middle age; she was on her own. Next! Was it a bucket list thing, life too short? Didn't matter, Vagabond Chic beckoned; the first day of the rest of something lay ahead as her bold

vision materialized, and once inspired, the odyssey seemed to plan itself. Months of research stretched to two years of getting prepared—a journey all its own. “We do not take a trip,” said John Steinbeck in his *Travels with Charley*. “A trip takes us.” This would come to mind many times as her May to September journey commenced. She drove the main streets of outer space—small towns, cheap motels, an assortment of critters, and more than once, a high spirited, didn’t-see-it-coming, moment. Train whistles echoed divine exhilaration across the prairie, as America was browsed beyond any route imagined, passing unnoticed along northern borders—Lake Superior to Fargo, the quiet solace of Wounded Knee in Dakota; the eureka moment in Hathaway, Montana; and the extraordinary personal discovery in Sheridan, Wyoming. Isolation weighed heavy at times, but the search for her personal holy grail weaves a compelling, serendipitous plot straight to its unforeseen conclusion. If it’s courage you seek for your own long-held inner something: “Courage is feeling the fear and doing it anyway.” Oprah said.

beer-loving thugs in his backyard to formulate a plan, thinking that nothing can go wrong. Unfortunately, Moss's instincts have never been spot on. Meanwhile, Thomas Reed is busy reflecting on his ability to convince his community that he is a respected businessman instead of a dirty crook without any idea that a gang of men who seem to be ninjas is quietly waiting in the shadows to ruin his day. Moments later, Moss and Reed meet in a hail of gunfire that leaves Reed and his wife dead. As the criminals speed away with their loot, they are clueless that a security camera has captured every moment. Now unwittingly entangled in a covert business run by the Mexican drug cartel and a suspect in a double murder, Moss realizes too late that he is officially in over his head. In this thrilling tale, more murders follow as a police consultant is drawn into a challenging investigation that leads him into a dangerous cat-and-mouse game with a group of determined drug dealers.
