Discusses the effects of expanding the Diagnostic and Statistical Manual of Mental Disorders (DSM)'s fourth edition on the psychiatric community, pharmaceutical companies, and the nation.

This book provides a first overview of the phenomenon of post-industrial urban wilderness: urban landscapes once shaped by heavy industry that are being re-colonized naturally by forests. These new types of urban woodlands are often overlooked by ecologists, foresters and planners. Individual chapters consider urban woodlands from the perspectives of ecology, environmental sociology, forestry, nature conservation and landscape architecture.

THE NEW YORK TIMES BESTSELLER "[A] wise, wildly unique" (Entertainment Weekly) love story from the bestselling co-author of Nick and Norah's Infinite

Playlist and Will Grayson, Will Grayson about a teen who wakes up every morning in a different body, living a different life. Every day a different body. Every day a different life. Every day in love with the same girl. There's never any warning about where it will be or who it will be. A has made peace with that, even established guidelines by which to live: Never get too attached. Avoid being noticed. Do not interfere. It's all fine until the morning that A wakes up in the body of Justin and meets Justin's girlfriend, Rhiannon. From that moment, the rules by which A has been living no longer apply. Because finally A has found someone he wants to be with—day in, day out, day after day. With his new novel, David Levithan, bestselling co-author of Will Grayson, Will Grayson, and Nick and Norah's Infinite Playlist, has pushed himself to new creative heights. He has written a captivating story that will fascinate readers as they begin to comprehend the complexities of life and love in A's world, as A and Rhiannon seek to discover if you can truly love someone who is destined to change every day. "A story that is always alluring, oftentimes humorous and much like love itself—splendorous."
—Los Angeles Times

If she does, their shameful secret

- Abomination - could be revealed. But as Martha makes her first real friend in Scott, a new boy at school, she begins to wonder. Is she doing the right thing by helping to keep Abomination a secret? And just how far will her parents go to prevent the truth from being known? The Originals are the pioneers of fiction for young adults. From political awakening, war and unrequited love to addiction, teenage pregnancy and nuclear holocaust, The Originals confront big issues and articulate difficult truths
