From the author of the best-selling biography Woody Allen—the most informative, revealing, and entertaining conversations from his thirty-six years of interviewing the great comedian and filmmaker. For more than three decades, Woody Allen has been talking regularly and candidly with Eric Lax, and has given him singular and unfettered access to his film sets, his editing room, and his thoughts and observations. In discussions that begin in 1971 and continue into 2007, Allen discusses every facet of moviemaking through the prism of his own films and the work of directors he admires. In doing so, he reveals an artist's development over the course of his career to date, from joke writer to standup comedian to world-acclaimed filmmaker. Woody talks about the seeds of his ideas and the writing of his

screenplays; about casting and acting, shooting and directing, editing and scoring. He tells how he reworks screenplays even while filming them. He describes the problems he has had casting American men, and he explains why he admires the acting of (among many others) Alan Alda, Marlon Brando, Michael Caine, John Cusack, Judy Davis, Robert De Niro, Leonardo DiCaprio, Mia Farrow, Gene Hackman, Scarlett Johansson, Julie Kavner, Liam Neeson, Jack Nicholson, Charlize Theron, Tracey Ullman, Sam Waterston, and Dianne Wiest. He places Diane Keaton second only to Judy Holliday in the pantheon of great screen comediennes. He discusses his favorite films (Citizen Kane is the lone American movie on his list of sixteen “ best films ever made ” ; Duck Soup and Airplane! are two of his preferred “ comedian ’ s films ” ; Trouble in Paradise and Born Yesterday among his favorite “ talking plot comedies ”). He describes himself as a boy in Brooklyn enthralled by the joke-laden movies of Bob Hope and the sophisticated film stories of Manhattan. As a director, he tells us what he appreciates about Bergman, De Sica, Fellini, Welles, Kurosawa, John Huston, and Jean Renoir. Throughout he shows himself to be thoughtful, honest, self – deprecating, witty, and often hilarious. Conversations with Woody Allen is essential reading for everyone interested in the art of moviemaking and for everyone who has enjoyed the films of Woody Allen.

For the first time, the full life story of the filmmaker laureate: a smart and entertaining deconstruction of Woody Allen's genius, celebrity, and art. Born Allen Konigsberg in the Bronx, the man who came to direct some of the most celebrated

Access Free Woody Allen A Biography Eric Lax

comedies in movie history - Annie Hall, Manhattan, Crimes and Misdemeanors - is revealed in all his neurotic complexities in this adroit study by John Baxter. The first biography since the tabloids headlined Allen's lurid breakup with Mia Farrow and his affair and subsequent marriage to her adopted daughter, Soon Yi, this illuminating chronicle of Allen's career - from his days writing jokes for Sid Caesar to his eventual fame as filmdom's quintessential New Yorker - details the often scandalous success that Allen has achieved as screenwriter, actor, and director. And Baxter's compelling saga never fails to uncover Allen's calculated construction of the Woody persona and how far the hapless, obsessive character on screen is from the actual man. "Intelligently points out the gap between the shambling on-screen character that Allen created and the successful, controlling artist." - New York Times Book Review

Faith, Interrupted is a profoundly personal, deeply felt exploration of the mystery of faith—having it, losing it, hoping for its return. The son of an Episcopal priest, Eric Lax develops in his youth a deep religious attachment and an acute moral compass—one that he is willing to go to prison for when it leads him to resist military service in Vietnam. His faith abides until, in his mid-thirties, he begins to question the unquestionable: the role of God in his life. In response, Lax engages with the father who inspired him and with his best friend, a Vietnam War hero turned priest. Their ongoing and illuminating dialogues, full of wisdom and insight, reveal much about three men who approach God, duty, and war in vastly different ways. Lax provides an unusual and refreshing perspective, examining religious conviction sympathetically

from both sides as one who has lost his faith but still respects it.

Traces the life of the movie star, describes his involvement in auto racing and philanthropic causes, and looks at his film roles

The filmmaker shares his inspirations, anxieties, and frustrations in an updated self-portrait that goes behind the scenes of his films, glimpses his Brooklyn childhood, and considers his opinions on a range of topics from jazz to New York City. Original.

A complete look at the extensive, ageless, unparalleled filmography of Woody Allen. Writer, actor, director, comedian, author, and musician, His films - he has over 45 writing and directing credits to his name - range from slapstick to tragedy, farce to f

A forefront radiation expert who consulted during the Chernobyl and Fukushima crises and the author of *The Mold in Dr. Florey's Coat* identify the radioactive fundamentals of the planet while correcting myths to reveal the role of radiation in everyday life and what should and should not raise concern.

The untold story of the discovery of the first wonder drug, the men who led the way, and how it changed the modern world The discovery of penicillin in 1928 ushered in a new age in medicine. But it took a team of Oxford scientists headed by Howard Florey and Ernst Chain four more years to develop it as the first antibiotic, and the

Access Free Woody Allen A Biography Eric Lax

most important family of drugs in the twentieth century. At once the world was transformed-major bacterial scourges such as blood poisoning and pneumonia, scarlet fever and diphtheria, gonorrhoea and syphilis were defeated as penicillin helped to foster not only a medical revolution but a sexual one as well. In his wonderfully engaging book, acclaimed author Eric Lax tells the real story behind the discovery and why it took so long to develop the drug. He reveals the reasons why credit for penicillin was misplaced, and why this astonishing achievement garnered a Nobel Prize but no financial rewards for Alexander Fleming, Florey, and his team. *The Mold in Dr. Florey's Coat* is the compelling story of the passage of medicine from one era to the next and of the eccentric individuals whose participation in this extraordinary accomplishment has, until now, remained largely unknown.
